ONE DAY NATIONAL WORKSHOP ON DIFFERENTIAL EVOLUTION ALGORITHM FOR OPTIMIZATION (DEAO-2016)

02nd September, 2016

ORGANIZED BY

**CENTRE FOR ADVANCED
MANUFACTURING AND MATERIALS
PROCESSING (CAMMP)**

**DEPARTMENT OF
MECHANICAL ENGINEERING**

**SRI CHANDRASEKHARENDRASARASWATHI
VISWA MAHAVIDYALAYA**

(University u/s 3 of UGC Act 1956)
(Accredited with "B" Grade by NAAC)

Enathur, Kanchipuram-631 561. Tamilnadu, India.

ABOUT THE UNIVERSITY

Their Holiness of Pujyasri Jayendra Saraswathi Swamigal & Pujyasri Vijayendra Saraswathi Swamigal, bestowed with the responsibility of fulfilling the wishes of their Guru, established a Viswa Mahavidyalaya at Kanchi, which attained the status of Deemed University in 1993. Sri Chandrasekharendra Saraswathi Viswa Mahavidyalaya founded under the aegis of Sri Kanchi Kamakoti Peetam Charitable Trust in 1993 and located in a sprawling complex of 50 acres at Enathur at a distance of about 4 Kms from Kanchipuram. Recently, the university has been Accredited by NAAC with 'B' Grade. The campus gives an ambient atmosphere for the faculty members and students with all the required infrastructure and amenities including WiFi, Bank, RO plant, Medical centre, etc.

ABOUT THE DEPARTMENT

The Department is established in 1999 and offering B.E Mechanical Engineering (FT & PT), M.E (CIM, Engg Design & Thermal) and Ph.D (FT & PT). The mission of the Department is to educate students to become globally competent. The Department has committed, motivated, highly experienced & research oriented faculty members. The other objectives of the Department are: promotion of research and development activities, providing consultancy services to the researchers and industries, through the Centre for Tribology, CAMMP and CAMCAT.

ABOUT THE WORKSHOP

The proposed workshop is to bring together the leading researchers who work on state-of-the-art algorithms on optimization based methods for modern data analysis, and also the practitioners who seek for novel applications in the area of science and engineering. The workshop is justified by the computational advances in evolutionary algorithm that came as a result of deep mathematical methods and new interesting applications arising today. It also provides a theoretical basis as well as practical implementation, which helps to assist in opening the new dimensions in this area.

FOCUS OF THE WORKSHOP

- To introduce the various optimization techniques
- To highlight the advances in nature inspired algorithms for optimization and their applications
- To introduce the DE and MODE algorithms.
- To explore the possibilities of algorithm in real life problems of science and engineering applications.

TARGET AUDIENCE

The workshop is open to all Research Scholars / Faculty Members / Scientists / Engineers working in Educational Institutes / Industries / R&D Organizations.

IMPORTANT DATES

Last date for receiving application : **25.08.2016**
Selection Intimation to Participants: **26.08.2016**
(through E-Mail only)

REGISTRATION FEE

Faculties/Research Scholars/Students - Rs. 300 /-
Industrial / R&D Lab Participants - Rs.1000 /-

HOW TO APPLY

The registration fee may be paid through Demand Draft in favour of “**The Registrar, SCSVMV University**” payable at Enathur. Registration is based upon first come first serve basis as the seats are limited.
