

Electrochemical Workstation

Amount: Rs. : 7.28 Lacs

Make: Auto Lab, The Netherlands

Funding: BRNS-DAE, GOI.

Used for: electrochemical measurements and tests.

Used by: Ph.D, M.Phil and M.Sc students research and project work.

Contact Person:

FTIR

Amount: Rs.: 10 Lacs

Make : Bruker, Optics Germany

Funding: SCSVMV University

Used for: Functional group identification of compounds in liquid and solid.

Used by: Ph.D, M.Phil and M.Sc students research and project work.

Contact Person:

UV – Visible Double Beam Spectrometer

Amount: Rs.: 4.97 Lacs

Make : Analytik Jena, Germany

Funding: SCSVMV University

Used for: Recording UV-visible light absorbance of compounds.

Used by: Ph.D, M.Phil and M.Sc students research and project work.

Contact Person:

Fluorescence Spectrometer

Amount: Rs.: 8.5 Lacs

Make : Perkin Elmer, Germany

Funding: SCSVMV University

Used for: Recording emission properties of compounds.

Used by: Ph.D, M.Phil and M.Sc students research and project work.
