Research Topic : Analysis of Data Mining algorithms on Image Processing

Synopsis : Topic of Research Colloquium is Analysis of Data Mining algorithms on Image Processing. In this presentation, he discussed about Analysis of Data Mining algorithms on Image Processing. he also discussed about Analysis of Data Mining modeling and Task algorithms on Image Processing, just as in traditional Rough set techniques, Genetic algorithms ,Neural network based algorithms . He also discussed about classification of data mining. The presentation gave an overview of Analysis of Data Mining algorithms on Image Processing. The proposed model is much useful for big data in Image mining.
