Date: 29.4.2017

Sub: Minutes of 30th Research Colloquium meeting organized in ECE department on 29/04/17
– Regarding

1. The Department of ECE organized the 30th “Research Colloquium” on 29/04/17, in CASD Lab at 10.00 am.

2. Resource person :

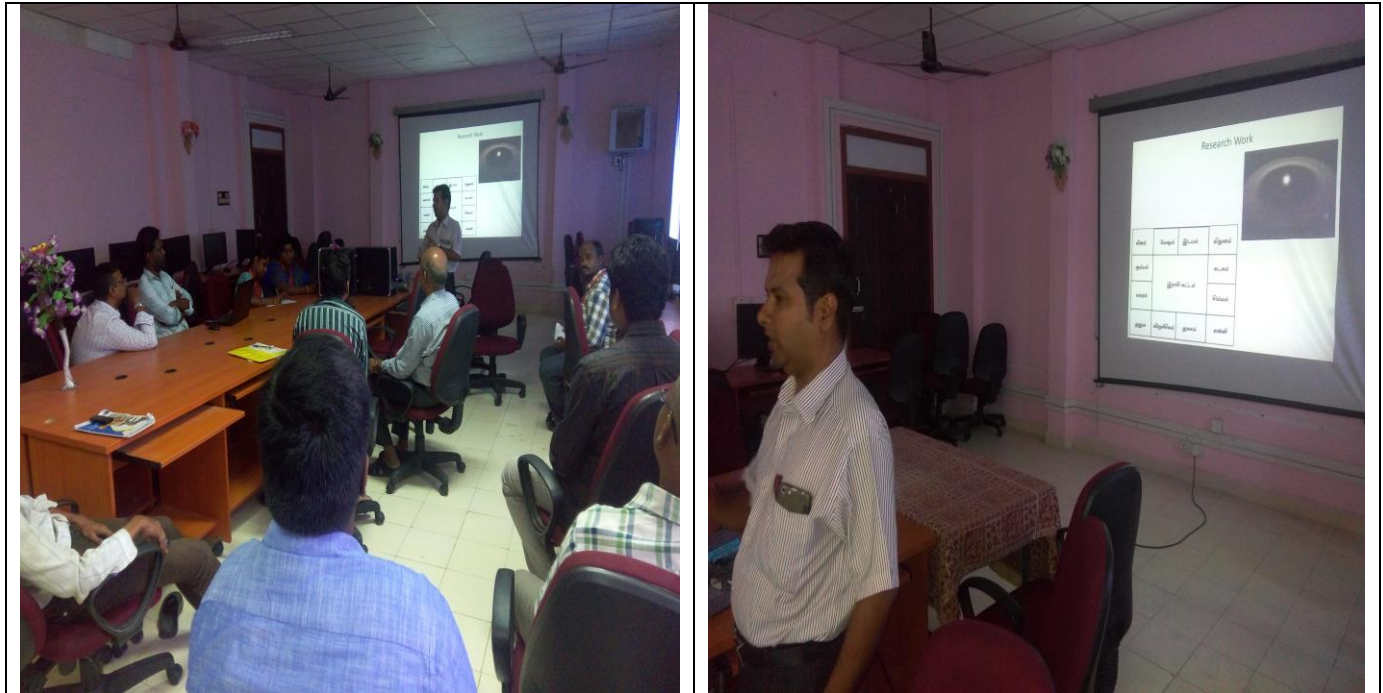

Dr.M.Kannan, Ph.D
Assistant Professor,
Department of CSA,
SCSVMV University,
Kanchipuram.

Research Topic INTERDISCIPLINARY APPROACH TO SOLVE RESEARCH PROBLEMS

Synopsis :

Topic of Research Colloquium is Interdisciplinary Approach to Solve Research Problems. In this presentation, he discussed about Interdisciplinary research often requires more resources of time, effort, imagination and money than single discipline research (and may also involve higher risks of failure) but the rewards can be substantial, in terms of advancing the knowledge base and helping to solve complex societal problems. The presentation gave an overview of Research which aims to further the expertise and competence of academic disciplines themselves, through developments in methodology which enable new issues to be addressed or new disciplines or sub-disciplines to be formed. Research which is problem focused and addresses issues of social, technical. Interdisciplinary approach has become an important and challenging technique in the modern curriculum. The interdisciplinary approach synthesizes more than one discipline and creates teams of teachers and students that enrich the overall educational experience.
