

Sri Chandrasekharendra Saraswathi Viswa Maha Vidyalaya
Department of Electronics and Communication Engineering

SCSVMV/ECE/IRD/IR/086

Date: 23.02.2018

**Sub: Minutes of 33rd Research Colloquium meeting organized in ECE department on
22/02/18 – Regarding**

1. The Department of ECE organized the “33rd Research Colloquium” on 22/02/18, Thursday in CASD lab at 3.00 pm.

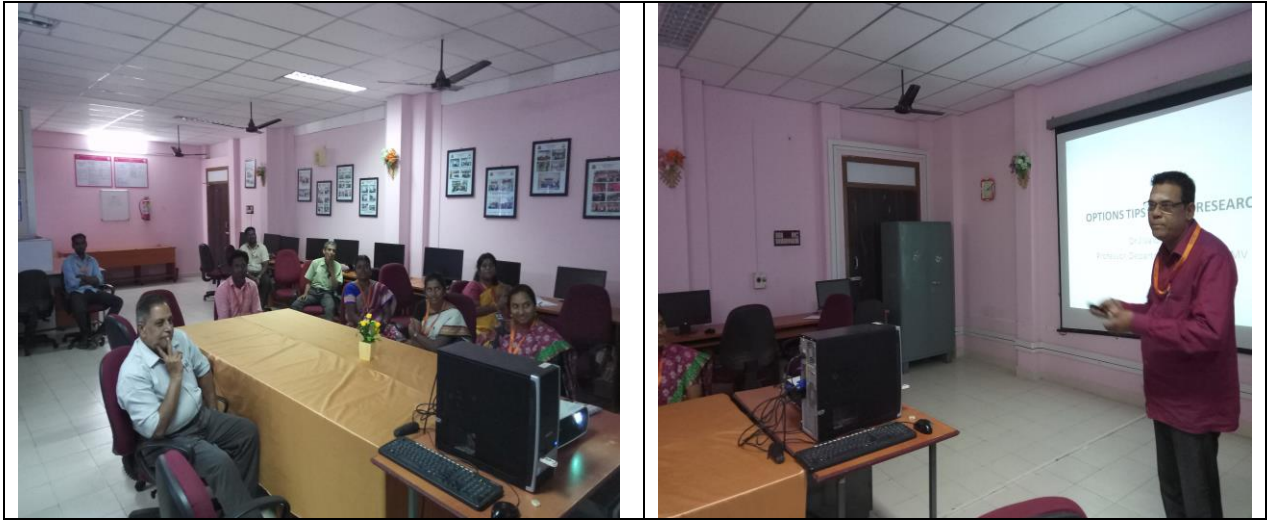

2. Resource person : Dr.J.Vaideeswaran, M.E., PhD,
Professor, Department of ECE, SCSVMV

Research Topic : **OPTIONS TIPS FOR ECE RESEARCH**

Synopsis :

Topic of Research Colloquium is Options tips for ECE Research. In this presentation, he discussed about the role of a thesis proposal for Ph.D. research, the proposal comes at about the mid-point of a post graduate student's career. The presentation gave an overview of Role of Thesis proposal Summary of the candidate's own ideas and preliminary work, Characterization of solution being sought, Plan of action towards conclusion, Outline of the Thesis . He also discussed about Shaping to solution. Finally proposed model is much useful for Fault diagnosis and testing is necessary part of manufacturing process. And also he discussed about fault of a circuit is the physical defect of one or more components or connections of the circuit. Parametric fault alters the magnitude of a circuit parameter, causing a change in a factor, such as circuit speed, current, or voltage.
