3. Research scholar : R.Kamalakannan  
Research Topic :  
Synopsis

Topic of Research Colloquium is an overview of real time implementation of adaptive modulation technique. In this presentation he discussed on history modulation techniques, Introduction to Adaptive modulation, Different types of Adaptive modulation and their advantages and disadvantages. Also he discussed on analysis of FPGA implementation the Adaptive modulation techniques. The proposed techniques are useful for mobile communication and other secure communication.

4. Research Colloquium was organized by A.Rajasekaran, Assistant Professor, ECE department.
