Overview

Introduction

Sri Chandrasekharendra Saraswathi Viswa Mahavidyalaya is a Deemed to be University established in the year of 1993 under Section 3 of the UGC Act 1956. The Deemed university status was conferred on the erstwhile Sri Chandrasekharendra Saraswathi Nyaya Shastra Mahavidyalaya in teaching Sastras and Literature in Sanskrit and preparing students for under-graduate and post-graduate examinations of Rashtriya Sanskrit Sansthan, New Delhi.

This University is a self financing institution sponsored and run by the Sri Kanchi Kamakoti Peetham Charitable Trust, with the benign blessings of Acharyas His Holiness Pujyasri Jayendra Saraswathi Swamigal and His Holiness Pujyasri Sankara Vijayendra Saraswathi Swamigal of Sri Kanchi Kamakoti Peetham. It has been aptly named after the Paramacharya, His Holiness Pujyasri Chandrasekharendra Saraswathi Swamiji, who cherished a desire of making Kanchi the preferred centre for higher learning. With two decades of experience to its credit, the University is steadily progressing towards achieving its objectives, by committing itself to the cause of making education relevant to the development in the fields of Sanskrit, Engineering, Science, Technology, Management and Health Sciences.

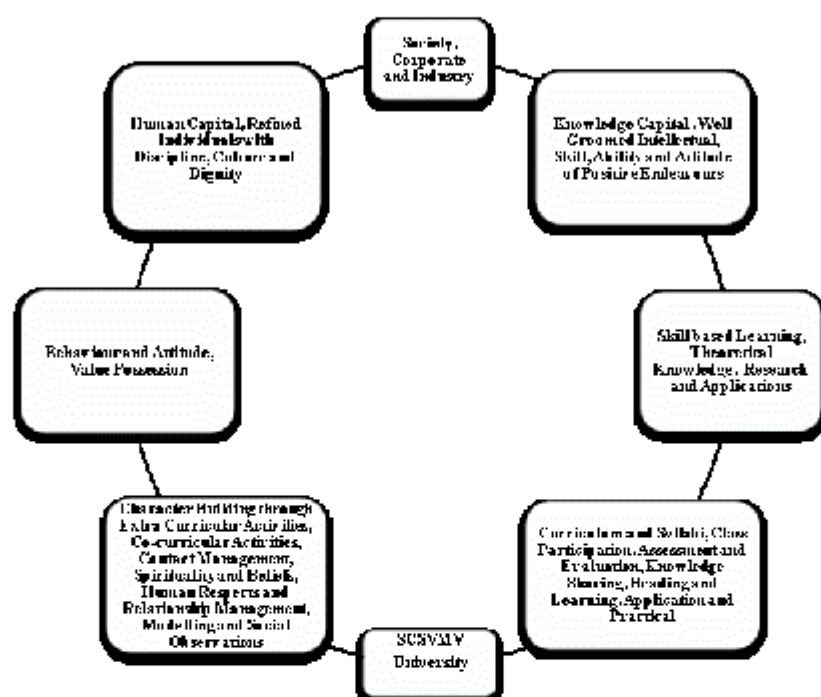

The University is located in a sprawling of 50 acres Campus at Enathur, about 4 Kilometers from Kanchipuram. The University has a campus in Poonamalle, Chennai, housing an Ayurveda College, Research Centre and Hospital. The University has a unique focus on integrating traditional knowledge with modern scientific practices with a global outlook.

SCSVMV and its Uniqueness of Value Embedded Education

The manifestation of human life is cultivated by knowledge and education. The changing world focuses only on providing knowledge and which is adding value for economic well being of human. But the purpose of human and their values attain the fulfillment by gaining not just knowledge but also the practices in life. The proliferation of life with devotion, culture and belief demands knowledge and its inherent value. The advent of technology and its innovation drastically changes the human life system and in order to bring discipline in our materialistic life, education need the support of value based sources. The value based education teaches the tradition, customs, rituals and about the spiritual practices. With this perspective, SCSVMV offers the value based education that is aligned with modern practices of technology and innovation.

Teaching - Learning Model of SCSVMV

The teaching learning model of SCSVMV emphasises the integration of value based learning and knowledge. This is obtained through character building, experiential learning, modeling that are integrated with the routine learning practices at class rooms. The Culmination of the integration is to provide valuable human capital to the society and potential employees and employers to corporate and industry.

Vision

The vision is to provide “quality higher education coupled with Indian Value system and at the same time make it affordable to all sections of the society irrespective of their social or economic standing”. It is to identify innate talents of students and bring out their hidden potentialities and help in development of their all round personality with embedded values.

Mission

The mission is a holistic approach to higher education with academic standards consistent with an embedded value system, enriched by a dynamic process of synergy. The Mantra is “Educational Delight” of students engaged in study and faculty members engaged in teaching, learning and research in their journey towards *Excellence with Creativity*.

To devise and implement schemes for effectively imparting proficiency in modern technology, at the same time instilling social responsibility and lofty value system enshrined in our culture.

To mould a new generation of universal citizens with confidence, Self dependence, self realization, scientific temper, professionalism, thirst of knowledge, and contentment by the fusion of Indian thought and modern scientific methodology, in higher education.

Culture

The university envisages a culture that is characterized by excellent faculty-student interaction and prevalence of 'one family' atmosphere. The emphasis is not on mere acquisition of knowledge and its application but on the all-round personality development of the student and his value system. Education is viewed not as accumulation of ideas, but as a process of channelizing them to perfection, leading to proper development of the faculties of the student and hence life making.

Description of Emblem

The motto “Vande Sadgurum Chandrasekharam” means ‘I adore the virtuous preceptor’ guru Sri Chandrasekharendra Saraswathi Maha Swamikal, by whose name the Mahavidyalaya is established and stands to fulfill his great vision.

The aluminous blessing palm symbolizes the vast knowledge that he transformed to generations. The joining of the thumb and forefinger denotes the merger of Brahma and Jeeva (the advaita philosophy), which can also be interpreted as integration of the ancient Vedic knowledge with the modern scientific knowledge. The vyasapeetha (Wooden pedestal for holding books) and the Grantha (Palm leaves) represent Ghatikasthanam (place of knowledge) the eighteen Vidyasthanams and sixty four traditional arts.

Objectives

To discover, preserve and transmit the vast knowledge that are enshrined in the Vedas, Sastras, Agamas and other traditional arts connected with our culture and civilization.

To augment Vedic learning to the status of the University system with a code of syllabus, offering degree programmes leading to Ph.D, to train the students of Sanskrit in contemporary education as well, enabling them to fit into contemporary work situation, should they choose to do so.

To develop a unique world-class university of higher learning which will conduct teaching and research programmes in select areas of knowledge especially in the Vedic System integrating the higher knowledge imparted by it with Science-based modern knowledge, thereby offering solution to the problems of modern times and proving the universality and catholicity of the Vedic knowledge and its relevance to the modern times, in particular.

To create a new generation of scholars who have acquired the skills and competencies for dealing with modern scientific and technological knowledge and integrate such knowledge with Indian ways of thinking and acting.

To develop a cadre of world-class professionals, who have acquired the competencies for global employment, in different disciplines

To establish special schools of study and research for the revival and re-interpretation of different areas of Indian knowledge like Indian philosophy and Culture, Sanskrit Language and Linguistics, Indian Arts and Architecture, Indian Science and Technology, Indian Social Thought and Epistemology, Indian Social and Institutional Practices thereby making special provisions for offering integrated courses in Vedas, Humanities, Applied Social Sciences and Technology and other allied areas of knowledge in the educational programmes of the Mahavidyalaya with the permission of the UGC / MHRD.

To take special measures to facilitate students and teachers from all over India and from other countries as well, to join the Mahavidyalaya and participate in its academic programmes and to provide instruction and training in such branches of learning as it may deem fit.

To offer programmes of higher education in the major disciplines, their sub-disciplines and their interacting dimensions. To represent major areas of knowledge like Humanities and Languages, Basic and Applied Sciences, Engineering and Technology, Agriculture and Animal Sciences, Indian Medicine, Para-medical Sciences, Management Science, Educational Science, Behavioral and Cognitive Sciences with due representation given to emerging sub-disciplines like Social Planning and Rural Empowerment, Nano Sciences,

Business Logistics and Technology Management, Information and Communication Sciences, Atmospheric Sciences and Climatology and Development Planning in addition to unique programmes integrating traditional Sanskrit courses with modern courses such as Ayurveda and conventional medicine; Vastu shastra , Architecture, Computer technology, Astronomy, Physics and Mathematics; Vimana Sastra, Sulba Sastra, Krishi, Vriksha and Silpa Sastra combined with the relevant modern subjects such as chemistry, Metallurgy, Engineering, Architecture and Medicine (human, veterinary and plant), Bio-technology, Genetics, Artha Sastra and Business Administration and Education with the permission of the UGC / MHRD.

To establish collaboration and working partnership with pace-setting higher educational institutions in different parts of the world and to use such collaboration for modernizing the operational strategies of this institution

To implement new working modalities for the institution using modern management strategies for systematic functioning like staff selection and development, curriculum framing, staff and student assessment, system assessment and for ensuring greater social credibility and accountability for the institution.

To perform such other functions as may be deemed necessary, conducive or incidental for the achievement of the above objectives.

MOU's Signed

MOU with EMC Academic Alliance Program

As part of the Industry-Academia collaboration initiative, Sri Chandrasekharendra Saraswathi Viswa Mahavidyalaya (SCSVMV University), Enathur has joined the EMC Academic Alliance (EAA) Programme by EMC Corporation - a global leader in enabling businesses and service providers to transform their operations and deliver IT as a service. The EAA program provides universities worldwide with technology curricula to educate and transform the next generation of IT and data science professionals, and help meet the industry's growing demand for advanced technology skills.

University Placement Officer Mr. Vasanth Kumar Mehta explained the need for the Alliance Programme "SCSVMV University's academic alliance with EMC is an exemplar of the need for industry- academia collaboration to create the next generation of professionals that will drive tomorrow's knowledge based economy. We are excited to partner with EMC a global technology leader."

Dr. S. Rajalakshmi- Head, CSE Department said that under this initiative, the Information Storage & Management (ISM) course will be made part of the curriculum. In addition, the Department will also offer advanced courses from EMC in emerging technology areas such as Cloud Computing, Backup Recovery Systems & Architecture and Data Science and Big Data Analytics to its students.

As a part of the EAA, EMC will provide SCSVMV University with instructor training, teaching resources and course materials to expand the Institute's expertise and knowledge in line with the latest industry trends.

The University has in the past signed similar Memoranda of Understanding with several academic, corporate and government agencies to enhance academic and research

MoU with Consolidated Construction Consortium Ltd. (CCCL), Chennai

Sri Chandrasekharendra Saraswathi Viswa Mahavidyalaya (SCSVMV University) has signed a memorandum of understanding (MoU) with Consolidated Construction Consortium Ltd, a major construction company to improve industry-academic linkage and to equip their

students with employability skills. The MoU was signed today (Wednesday – 8th May 2013) by Dr. G. Srinivasu, Registrar of SCSVMV University and Mr. K. Sukumar, Senior General Manager, CCCL at a brief signing ceremony held at SCSVMV University. Dean (Engineering and Technology) Prof. K.C. Srinivas and Head of Civil Engineering Prof. Seshadri Shekar were present in the ceremony.

According to the MoU, CCCL will provide assistance with the content of the course and provide civil engineering students with an opportunity to work in CCCL projects, thus integrating concepts with practice. This will help make the students industry-ready by the end of their course.

The MoU signed between SCSVMV University and CCCL emphasizes synergy between an academic institution and the construction industry. The University has in the past signed similar Memoranda of Understanding with several academic, corporate and government agencies to enhance academic and research collaboration.

Summary of Examination Results

Admissions

Admission Procedure

The procedure for seeking admission to the courses in SCSVMV University consists of the following steps:

- (i) Submission of admission applications to the University, and
- (ii) Attending the counselling for the said course at the notified date, time and place.

(Additionally, Entrance test would be held for BE (Full Time) & MBA)

Selection Procedure for Admission

Ranking of Candidates

Selection of Candidates for admission to all the Degree courses will be according to the Merit lists prepared by SCSVMV University, based on the marks secured in the qualifying examination, duly arrived at by adopting normalization for balancing various Boards of Education. Ranking of the candidates will be done based on the normalised marks (rounded-off to three decimal places) to a base of 100.

For B.E. Degree Course, admission is based on the marks secured by the candidates in the prescribed subjects, in the qualifying examination [i.e. for HSC Academic: Mathematics, Physics and Chemistry, and normalizing them by the prescribed procedure. Equal weightage will be given to all the three prescribed subjects. Wherever separate marks for practicals are awarded, the same will be considered along with the respective subjects, for arriving at the total actual marks and hence the 'normalized marks'. 90% of weightage will be given to +2 Marks and 10% of weightage will be given to test. The test comprises of 90 multiple choice questions 30 each from mathematics, physics and chemistry.

For Candidates Applying for Admission to B.E. Degree course through AIEEE Admission for Candidates applying to B.E Degree course through AIEEE, will be based on the actual merit marks secured by them in "AIEEE"-2013 (All India Engineering Entrance Examination), and a separate merit list prepared for them. For such Candidates, the normalization procedure is not applicable. For AIEEE candidates there won't be any further exam.

Display of Merit List

The Merit Lists will be displayed on the notice board of the Office of Admissions, SCSVMV University, and the same will also be made available in the official website www.kanchiuniv.ac.in. No separate announcement will be made in the newspapers.

Counselling for Admission**Venue**

Counselling for all the above degree courses will be conducted at SCSVMV University, Enathur, Kanchipuram. Candidates must be accompanied by the parents to the counselling session.

Date and Time

Candidates will be called for counselling as per their order of merit in each course. Candidates to be called for counselling will be intimated through call letters and in the official web site of SCSVMV University. No change of date / time of counselling is permissible. SCSVMV University will not be responsible for postal delay, if any, and non-delivery of counselling/intimation letters whatever be the reason (s) thereto.

Candidates, who do not attend the counselling on the specified date and time, have to forego their claim for admission. However, due to unforeseen circumstances and unavoidable reasons, if a candidate is unable to attend the counselling on the specified date and time, he / she can attend on a subsequent date and time during the counselling period for the course, with prior permission of "The Chairman, Admissions, SCSVMV University". But, the candidate can only opt for the seat available at that time and cannot claim any seat as per his / her original rank, for the course. In any case, counselling will not be done in the absence of candidates. Unfilled seats and vacancies, arising out of the dropouts of already admitted candidates, or due to the introduction of new courses, will be filled - up during the subsequent counselling sessions.

Counselling

Details of such vacancies will be notified in the official web site of SCSVMV University and such information will also be updated periodically. Individual intimation will not be sent to candidates for counselling of seats arising due to vacancies, for the reasons mentioned above. These vacancies "shall be open" to all candidates applied for admission to SCSVMV University, including the candidates already admitted during earlier counselling. No communication shall be sent to candidates who are not eligible to be called for counselling.

and also no further correspondence in this regard, will also be entertained. Last date for receipt of filled-in applications is ten days from official Announcement of HSC results.

Verification of Original Certificates

Candidates called for counselling shall be required to submit all the documents in original for verification at the time of counselling. Candidates, who fail to produce the required documents in original, shall not be counselled.

Admission

Admission to all courses is based on the merit, category of the candidates, and the availability of seats at the time of counselling. At any time, if the SCSVMV University authorities find that admission has been offered based on false/ incorrect information/ documents and suppression of relevant facts, the admission offered or the admission already completed shall be cancelled, irrespective of the stage of study of that course. Further, legal proceedings will also be initiated against such candidates for such action /(s). Hence, Candidates are warned against indulging in such action/ (s), in their own interest. All parents are also requested to make note of the above provision, and take due care and diligence, in all matters concerning admission to the various professional courses

Admission to sports persons

Twelve seats are reserved exclusively for sports persons who created a niche for themselves at various levels. A full waiver of tuition fee will be considered depending on the sport merit of the candidate and the level of competition in which he secured such certificate of merit.

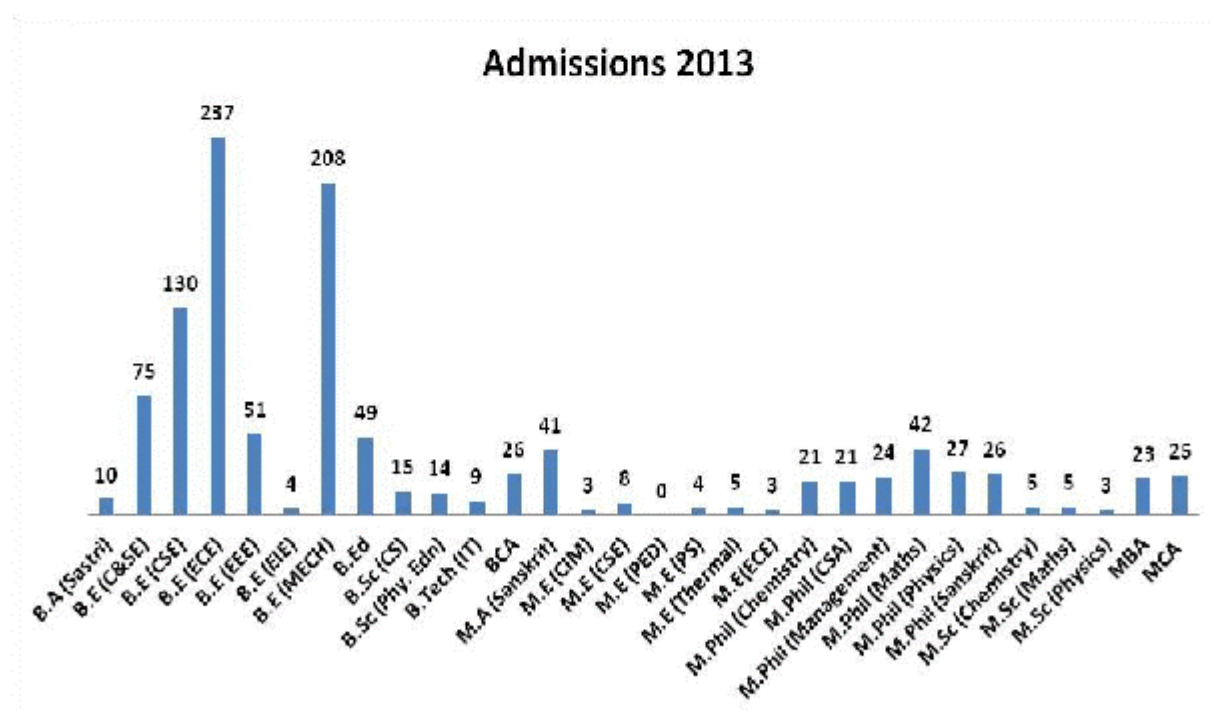

Admissions Committee

The admissions committee under the able Chairmanship of Professor Dr.K.P.V.Ramanakumar, Dean (Faculty of Management, Human Resources and Commerce) has done commendable work in admitting quality students into various streams. The team took part in many educational fairs including

Academics

Introduction

The university offers graduate, post graduate and research programmes in the disciplines of Arts, Science, Sanskrit & Indian Culture, Engineering, Management, Ayurveda and Education with the stipulated fee structure (without donation and Capitation) to all students irrespective of income, religion, caste or region. The admission policy of university emphasis merit cum open based.

The university adhere the governing rules of Ministry of Human Resource and Development and UGC regulations on admissions to qualified candidates.

The location of University is circumscribed in the rural location of Kanchipuram known as Enathur. It is connected and accessible by road and rail transportation. Students from rural and urban areas who are looking to obtain a value based education prefer this university. In order to encourage the interpersonal value of rural students, special efforts are being taken by this university in communication development, technological support on their education. The students are trained for their knowledge enhancement and placement through rigorous training and various forms of employable tests.

Highlights of Courses Offered

The University offers the graduation, post graudation, research programmes in the disciplines of engineering, management, science, arts, Sanskrit, Ayurveda and Education. The students are awarded their respective degree by appearing for their prescribed courses with required percentage of class attendance, qualified marks in both internal and external evaluation system.

Key Success Factors (KSF) of the Mahavidyalaya

The following aspects are the key success factors that aim to attain the standard of teaching learning process at the Mahavidyalaya

Infrastructure & Facilities

The traditional learning process is integrated with modern interactive delivery process with support of teaching aids. In addition to that the university possesses a central library with international standards well stacked with collection of books with recent updation. It also encourages the students to use the on line learning resources both at library and departments.

Every academic department has equipped laboratories and periodic updation of instruments that provides the theoretical understanding of students into practices.

Curriculum Design and Programmes

The curriculum design and updations are routinely carried out according to the requirement of students and industries. Every academic department design and redesign the curriculum, syllabi monitoring through academic, industrial experts and alumni. While designing and redesigning the curriculum due importance is given for availability of source materials, coverage, ability of students to understand the theoretical backgrounds, construction of questions and viability of applications. The designed and redesigned curriculum are forwarded to the concern Dean of Academics, Academic Council and Board of Management for approval.

Choice based Credit System/Free/ Open Electives

In order to enlight the students desire of learning and equip their skills on various fields, the university offers free/ open electives to all branches of students. In this process, the students are given the credit of choosing their field of electives belong to both disciplinary and inter disciplinary mode. For example an engineering who prefer to take the free/open elective in management or language are allowed to pursue the elective and which is duly monitored through attendance, assessment test. While the time of encouraging the students to choose open/free electives, a proper mode of counseling is given to them through the mentors of concern departments.

Continuous Internal Evaluation and Assessment (Component based Valuation Pattern)

The students are consistently monitored through class test, review test, internal assessment test and end semester test. During the time of every assessment test, the questions are covered in every aspect of their syllabus by giving a normal distribution of choices. The assessment pattern also cover the aspects of proficiency, learning interest, involvement in classess, participation in class exercise, percentage of prescribed attendance, application skill and behaviour pattern. The component based valuation pattern help the students to enrich their contribution on their every subject during the time of their programme.

Learning through Real Time Projects

The every department encourages the students to undertake minor and major real time projects on their field of interest. In addition to that it has become a mandatory process for students to undertake group based and individual projects. The students are attached with the mentor for their discussion and further stepping of real time project. The outcomes of projects are evaluated through the panel of experts in the concern departments.

Mentoring System

The university provides mentoring practices to the students in every department through the department faculty members. Under the mentoring process, the students are encouraged to share their grievances related to the academic, personal aspects. The departments streamlined the mentoring process on continuous basis during the flexible hours where in which faculty and students can interact. This helps the students to enrich their academic, co-curricular and extra curricular activities. The mentoring activities are also extended at the hostel levels with the help of faculty resides in hostels.

Industrial Visit and Interactions

The departments are constantly organizing industrial visits to students to renowned organizations. The package of industrial visit covers minimum of two organizations engaged in manufacturing, processing and service. The prior schedules are prepared by the Departments and got due approval from the Deans of faculty and Vice- Chancellor. Every year the location of visit and organizations are decided based on the requirements of students according to their academic backgrounds. During the time of industrial visits, the university encourages to students take part on interactions with the top level officials of visiting organizations and that helps to learn out of their experience sharing. The end of every visit, the students are instructed to provide model report about the learning aspects on the visits.

Community Learning

The students of this university are encouraged to take part in the community supporting programmes through NSS activities, adoption programmes, and donation schemes. The students of this university are showing profound interest of take part in community learning process. The modus operandi help the students to take the role and responsibility of

community development and also help to learn through community activities. Especially many numbers of students in the university actively involve in the literacy promotional programmes in rural villages through the mode of University NSS activities.

Experience Sharing of Industrialist in Class Rooms

The university periodically arrange for the interaction of industrialist, entrepreneurs with students in class rooms. In addition to that, the university utilizes the services of Ph.D. Scholars who register their doctoral programmes in various departments of this university. The scholars cum industrialist offer their experience to the students in the class rooms. The industrialist shows keen interest to interact with the students not only from india and also from abroad, who make their visit to the illustrious Kanchi Mutt.

Guest Lectures/ Visiting Faculty

Every Department of this university under the faculty have the regular visits of industrialist, academicians and alumni as their guest and visiting faculty. The guest and visiting faculty periodically visit to the Departments and handle classess on their expertise areas. During the time of their interaction, the demand of organizational practices is shared with the students and which helps the students to translate their theoritcal backgrounds to practical applications.

Student Focused Seminars/Conferences/Workshops

The Departments under faculty organizes periodical mini/major seminars, conferences and workshops at regional/national and international levels. The topics for the events are framed in such way to help the students to learn better expertism on their field. The invitiness for those seminars are covered from the base of academic experts, industrialist, consultans and trainers. During the time of seminars/conferences the research papers/ articles are submitted by faculty and students and which helps to enrich the research aptitude among the students and faculty.

Focus on Extra Curricular, Co-curricular Activities

The university takes innovative steps to bring forth the extra curricular talents of students by the way of participating extra curricular and co-curricular events organized at University, national and international level. The university runs separate departments like youth welfare, sports, NSS. These Departments endeavour to bring the talents of students by the way of

participating in various events at the regional, national and international frontiers. The Departments of above are separately co-ordinated by the faculty in charge. In addition to that every year university organizes the regional and national level youth festivals named as “Tech-Fest” and “Tarunyam”. It also organizes the sport events in the name of “Spardha”. These kinds of special events help the students to exhibit their extra and co-curricular talents. In addition to that every department organize the yearly events at national levels in the names of BIOS, VIRUNCHIKA, YANTRA, UTSAV, APOGEE, ADVAITA which helps the students to enrich their technical and extra curricular competencies.

Placement Training and Development

An individual placement and training cell of this university constantly involved in providing placement to the students belong to all disciplines of this university. In addition to that, the students are trained in the areas of soft skill development, competency development, technical skill, relationship management and behaviour modulation. These trainings are provided to the students by the placement cell with the help of internal faculty, external experts, industrialist, consultants and corporate trainers. In addition to that, every department are also arrange for placement training to the students. The university placement cell also conducts periodic on line test for students to equip them for ample placement for their career. The university central library and department library also stacked with updated books on skill and placement development.

Research

The university encourage researchers to carry out their research in the field of engineering, Sanskrit and Indian culture, management, education, natural science, bio science, health science and languages of region and foreign. The scholars who prefer to pursue their research programmes are thoroughly scrutinised by the panel about their qualifications, interest on research and other credentials. The topics preferred by the scholars for their research are presented by them for approval before the expert panel where in which the approved topics are allowed to undertake the research. At the time of approving the topic, the social relevance is given due weightage out of the research. Once the scholars registered their doctoral programmes should undergo the formalized course work duration and consecutively appear for their course work examination. The final submission of their research in the form of prescribed thesis should be scrutinised for its content validity through pre synopsis

presentation before the expert panel. Every of stage of research pursued by the scholars in all departments is thoroughly scrutinized by the university through expert panels, guides, deans of faculty and heads of research. In order to confirm the standard of research with social relevance, the university constituted a separate research and publications wing under the Director (Research and Publications). The entire research process is continuously monitored and regulated by the Director (Research and Publications)

Academic Departments

Snapshot

There are seven academic faculties consisting of eighteen Departments at the Mahavidyalaya. Each faculty has a full time Dean and all departments have a full time Head.

The performance, reviews and enhancement related aspects of the concern departments are forwarded by the Department Heads through Faculty to Deans to the Administrative and Authority Centre of the University, and these in turn, are taken to the Vice Chancellor and Chancellor for recommendations and needy actions.

Directions of academic, operative and administrative policies are viewed by the Board of Management comprise the members from management representation, academic experts, industrial representation, registrar and Vice Chancellor. In order to integrate and enrich the viability of academic departments, the Board of Studies constituted in each department under the faculties with the senior faculty, industrialists, and alumni under the chairmanship of Heads, take the representation to the vice-chancellor through the concern dean of faculty and academic council. The board of studies focuses on the curriculum designing, framing and updating syllabi, reviews of existing question pattern and its revisions.

To insist the Philosophy of university to promote value based education through the blend of traditional values with modern practices, every department offers the syllabus on Sanskrit and Indian culture which is constantly assessed through the proper continuous internal assessment and external examination.

In addition to that special encouragement is given to scholars those who prefer to undertake their research in the areas of traditional subject of Sanskrit and its application blend on management, education, engineering, arts, science and humanities.

The proceeding pages gives an understanding, overview of each departments of SCSVMV under the faculty, includes list of courses, teaching faculty, supporting learning systems, research activities with the details of faculty publications, seminars/conference/workshops attended by the faculty, major/minor funded projects and events of the Departments.

Vision

*Vidyām ca Avidyām ca, Yastad veda ubhayam saḥ
Avidyayā mṛtyum tūrvā, Vidyayā amṛtam āśnute.
(Saṃhitopaniṣad)*

1. To mould a new generation of citizens with confidence, self dependence, self realization, scientific temper, rational thinking, professionalism, thirst for knowledge, satisfaction, contentment and pleasure.
2. To bring to light the knowledge in Sanskrit through publication of rare and unpublished manuscripts and the research works pursued.
3. To initiate efforts to fulfill the wishes of the Acharyas of Kanchi Kamakoti Peetham, to reestablish the fame of Kanchi as a seat of learning by imparting traditional knowledge in all fields with the support of Sanskrit language and literature.

Overview

The Department of Sanskrit & Indian Culture offers unique traditional Sanskrit courses aiming excellence in Sastras at UG and PG levels.

M.A (Sanskrit) – Semester Pattern with specialization in Sahitya, Vyakarana, Nyaya and Advaita Vedanta is offered with choice based credit system. The curriculum covers various fields of Sanskrit which enables the learner to get explored with the world of Sanskrit and to meet out the emerging needs to get proper career opportunity. Choice based credit system creates a platform to select the desired courses of interest.

U.G. Programme (B.A (Sanskrit)) – Semester Pattern with working knowledge of computers is specially designed towards development of academic excellence and technical skills. It facilitates the stakeholder to gain knowledge in the traditional sastras and modern technology.

The electives in the final year make an oriental platform for them towards their traditional aims.

Programs Conducted by the Department

Ganesha Navarathri

Ganesha Navarathri was grandly celebrated from 19th of September to 23rd of September. On the day of inauguration lord Vinayaka puja started at our international library (prayer hall). The Puja was performed in presence of students and faculty members of university. Our beloved C A O Sri.Ramachandran has graced the occasion with his presence, while Sanskrit

Department HOD Prof. G Srinivasu has enlightened us with Ganapathi Tattwa and Katha sravanam. In the evening, well known *Carnatic* classical singer G.Srigiri sung Sri Tyagaraya Krutis in honour of lord Ganesha.

On second day evening, Prof. Narayanji Jha delivered a lecture on worship, wherein he opined 'through worship we renounce our ego and attain best possible results and we can avoid making worldly mistakes'.

On third day evening, Prof. Vishnu Potty Dean Sanskrit Department, delivered a lecture on the true meaning of success. He orated four short stories carefully selected from various Puranas to enlighten us on qualities we need to develop to achieve success. He opined to follow the path of patience and good deeds to achieve success.

Fourth day evening, our alumnus Mr. Srikanth has performed Bharathanatyam on Sri Tyagaraya Krutis and Sri Adi Sankaras' Bhajagovindam. His theatrical performance has mesmerized audience with the richness in content. Registrar Sri.DR. Sundaraman and A O Sri. Sundar has graced and blessed students by their experience rich speech.

Fifth day morning after regular Ganapathi Puja, Ganapathi immersion was done as per tradition. G Jayamanikya Shastri, Assistant Professor, Sanskrit Dept, was the function coordinator.

The Department has organized Śāradāgama – a special lecture series programme in Sanskrit to improve the skill of the students over various fields of Sanskrit. The programme was inaugurated on 30.10.2012 at 10.00 a.m. The function was presided over by Prof.Dr.C.V.Vaidyanathan, Vice-Chancellor of the University. He highlighted the value of the programme in his inaugural speech. The speeches commenced by 12.00 Noon. The first day lectures were given by Prof. G.S.R.Krishnamoorthy, Professor of Sahitya, R.S.Vidyapitham, Tirupaty, on Sāhitya Śāstra.

Prof. Sripada Subrahmanyam, Director, AP GOML, Hyderabad, gave lectures on Vyakarana on 31.10.2012.

The morning session of next day programme started with a lecture on manuscriptology delivered by Dr. G.Sankaranarayanan. Dr. P.T.G.Y. Rangacharyulu presented Astavadhanam on Kalidasiyan Works in the afternoon session.

The three days programme was highly beneficial to the students where new ideas in different fields were brought out from different angle and kept before the students. The programme ended with National Anthem. Dr. G.Dattatreyaamurthy coordinated the programme.

Vision

The Computer Science Engineering Department aims at providing accessible and relevant programs that are directly applicable to the dynamic environment, in which our students will work, live and contribute.

Overview

The Department of Computer Science and Engineering aims to provide accessible programmes of education and research for creative minds with social relevance and global excellence in the area of Computer Science and Engineering, thereby improving the quality of life for humanity.

Programs Conducted by the Department

Cloud Computing Workshop Dated 04/03/2013 and 05/03/2013

The Cloud Computing Workshop was held on 04/03/2013 and 05/03/2013 in the department of CSE, to create awareness on the latest trends in Cloud computing. The workshop was inaugurated by the Vice Chancellor Dr.V.S.Vishnu Potty, who on his speech highlighted upon the importance of learning the new technologies. Mr.Arun Sundaresan, Senior Manager, International Business, Accel Frontline Ltd., on his inaugural speech told the students the latest developments in Cloud Computing. Mr.S.Ramamoorthy Asst. Prof. CSE Department who delivered a lecture on the “Introduction to Cloud computing”, which was followed by hands on sessions on “Hosting a Public Cloud”.

Mr.T.Srinivasan, Technical Support Manager, Accel Frontline Ltd., who delivered a lecture on “Virtualization” followed by hands on session on creating a virtual machine. In the afternoon session “Linux fundamentals” Theory and Practical were handled.

Seminar on Open source software

A seminar on the importance of Open source software was held on 12/02/2013 in the department of CSE. Mr.Kumaran Mani, CEO and Founder of Tenth Planet Technologies and Tenth Planet Open source Foundation highlighted upon the importance of Open Source Software for better employment. The seminar also highlighted upon the entrepreneurial opportunities available through Open Source Software. Around 200 students from second and third year BE(CSE) attended the seminar.

BIOS 2012

BIOS 2012 conducted on 8th and 9th October 2012 BIOS 2K12 was inaugurated by our honorable Vice Chancellor Prof.Dr.C.V.Vaidhyanathan on 8th Oct '12.

The chief guests for the day were Mr.V.Sri Krishna, Founder Kirti labs, Chennai Dr.L.N.Rajaram, Founder Director, Expert Software, and Mr.V. Magesh , GM, CSC Business solutions ,Chennai. Mr.Sri Krishna delivered his special address on how being passionate about what we do, would automatically lead us to achieve our goals; Dr.L.N.Rajaram, in a unique way told us that how anger, a state of restlessness could enlighten us with brilliant ideas to solve a problem; and Mr.Magesh Venkataramani, encouraged us to come forward to the corporate world and have the quest to achieve our goals.

There were a number of technical and non-technical events. The paper presentation event was held on 8th and 9th October 2012. Around 60 papers were submitted among which best 30 were short listed, which included internal as well as external participants. Also the event K-Corner was held on both the days where in 14 presentations were displayed by the students. Other technical events included software debugging, technical extempore, technical quiz,

aptitude test, mock interview, hardware mania and code warrior. The non-tech events included non-tech quiz, paint ball, adzap, photography, treasure hunt, mini movie show, beg-borrow-steal, cryptography, brainteasers, non - tech ship wreck, mock parliament and minute to win it.

Professional Bodies and Industry Interface Programs

The department has signed a Memorandum of Understanding with Expert Software Consultants Ltd which provides establishment of an academic link between the two institutions in research, development and learning.

The Department has signed MoU with CISCO for conducting CCNA courses through which Global certification programs are conducted on campus at reduced costs.

SCSVMV Blackberry Developer Group Commenced

On 1st November 2012, the Inaugural Meet of SCSVMV Blackberry Developer Group was held at the CSE Seminar Hall. Dr. S. Rajalakshmi, Head, CSE Department inaugurated the group. The Group has been formed to help students take the big opportunities currently available in Mobile Application Development Space. The group will specifically take up the opportunities available in the Blackberry development space – the wide range of developer choices available, the rich set of APIs for the various platforms, services right from Advertising to Analytics. The Developer Group Concept is part of the Community Programme initiatives taken by Blackberry to help developers.

The next meetings held on 3rd and 8th November 2012, focussed on introduction to Application development using Cascades. On 21st December 2012 and 9th January 2013, various student groups made presentations on the APIs and Libraries for developing applications.

Department of Electrical & Electronics Engineering

Vision

To be an eminent and ambient venue for the people community to get excelled in the field of Electrical and Electronics Engineering along with the traditional and cultural ethics of Indian society and to provide quality education at Under Graduate, Post Graduate and Research levels.

Overview

The Department of Electrical and Electronics Engineering targets to be an excellent venue for students who are fascinated in Electrical and Electronics Engineering discipline. To offertow them with technical knowledge, professionalism and moral values the department focus on continuous growth in technical expertise, imparting quality education at par with international standards.

The Department of Electrical and Electronics Engineering takes the maximum advantage of new technologies and market opportunities to enrich the learners with updated and advanced know-how of modern technology. The main focus is concentrating on the significant modern developments in the Electrical and Electronics Engineering

Department of Electronics and Communications Engineering

Vision

To become a Center of Academic Excellence and Blended with rich Culture Based Values through education, training, research, collaboration and extension agendas with global standards.

Overview

The Department of Electronics and Communication Engineering offers stimulating environment for the engineering students to impart excellence in academic standards to suit the modern industries. The curriculum design, content and organization, quality management and enhance, student progression and achievement, student support and guidance, teaching, learning and assessment assure the quality of the knowledge transfer systems. The main focus on the development of intelligent tutoring system attempts to increase our understanding of the protocols required for modern electronics and communication engineering.

APOGEE 2013 – SEVENTH NATIONAL LEVEL TECHNICAL SYMPOSIUM

On Feb 6th & 7th of 2013 in the Diamond Jubilee Library Hall.

- The Chief Guest for the Inauguration Function is Dr.S.R.Ramanan, Director, Chennai Meteorological Centre, Chennai.
- Our Honorable Vice-chancellor Prof.Dr.V.S.Vishnu Potty Presided the Inaugural Function and delivered the Presidential Address.
- Special Address was also delivered by Prof.K.C.Srinivas, Dean (E&T).
- Special Address was delivered by Prof.Dr.A.Jayalakshmi, Dean (S & H).
- Mr.G.SenthilKumar, HOD-ECE delivered the Welcome Address.
- The Valedictory Address was given by the Chief Guest, Prof.Dr.T.G.Palanivelu, Former Principal, Pondicherry Engineering College.
- Special address on the Valedictory Function was delivered by Honorable Registrar, Prof.Dr.G.Srinivasu.
- Special Address was delivered by Prof.K.C.Srinivas, Dean (E&T).
- Special Address was also delivered by Prof.Dr.K.P.V.Ramanakumar, Dean (Management Studies).
- Mr.G.SenthilKumar, HOD -ECE delivered the Welcome Address.
- Vote of Thanks was delivered by the Coordinator, S.Vijayaraghavan, AP-ECE.
- Many Technical events like Paper Presentation, Project Presentation, Knowledge Corner, Circuit Debugging, and Technical Quiz were conducted.
- Non – Technical Events like Youth Parliament, Mock Interview, Gaming Events, Art Attack and Cultural were successfully conducted.
- More than 800 Participants were involved in various events.

Workshop on VLSI Technology

On 19TH APRIL 2013

Targeted Audience: Ece And Co –Diploma Students

Topics Covered:

Session I : Vlsi Design – Concepts Of Analog Vlsi Design

Session Ii : Vlsi And Image Processing

Regional Workshop on “Research Methodology, Plagiarism and Ethics”

The Department of Electronics and Communication Engineering had organized a Regional Workshop on “Research Methodology, Plagiarism and Ethics” on 30 August 2013, at Adisankara Study Centre, SCSVMV University, Kanchipuram.

Research Scholars, Faculty and students from Various Branches of Science, Engineering and Technology like Electronics and Communication Engineering, Electronics and Instrumentation Engineering, Electrical and Electronics Engineering, Mechanical Engineering, Computer Science Engineering, Information technology and Computer Applications, 64 in total has participated in the Workshop.

The workshop was inaugurated by Prof.Dr.V.S.Vishnu Potty, Hon. Vice-Chancellor of SCSVMV University. The Vice-Chancellor had stressed the need of the hour for the faculty to pursue the Ph.D. He had highlighted the infrastructure and facilities available in the University for the Research Scholars. Prof.Dr.M.Sivanandam, HOD, welcomed the gathering. Prof.Dr.T.Venugopal, Director (Research and Publications) explained about the various Ph.D courses offered in the University. Prof.K.C.Srinivas, Dean (Engineering and Technology) has highlighted the importance of Ph.D in Science, Engineering and Technology and publishing Scholarly articles in the Referred Journals with High Impact Factor.

Prof.Dr.S.Ravi, Professor and Head of Dr.M.G.R University, Prof.Dr.Uma Rajaram, Dean (Engineering and Technology) of Dr.M.G.R University and Prof.Dr. Kumar of Namakkal Engineering College were the Resource Persons.

The workshop covered diverse topics like selection of Research Broad area, Optimising the Research Topic, Selection of Research Guide, Half Yearly Reviews, Publication of Research Papers in Referred Journals, Impact Factor, Citation Index, Preparation of Synopsis and Thesis Reports, Public Viva etc.,

The Valedictory address was delivered by Prof.Dr.G.Srinivasu, Registrar of SCSVMV University. The Registrar highlighted the need to execute sponsored Projects and to organize National and International Conference with Financial support from Funding Agencies. The Registrar had distributed the Participation Certificates. Prof.Sriram had anchored the Events. Prof.P.Venkatesan had delivered the Vote of Thanks.

The Participants observed the Workshop as highly practical and Useful in Pursuing the Research and improve the quality of Research and Bring Name and Fame to the University.

Department of Mechanical Engineering

Vision

The Department offers courses in Mechanical Engineering to induce the theoretical, practical, industrial, and interpersonal and communication skills to the students.

The programme is carefully organized to provide the right blend of in depth theoretical and modern laboratory practice. Seminars and Industrial training are integral parts of the programme.

Overview

The Department of Mechanical Engineering offers a multidimensional simulating, enriching academic environment for engineering students.

Courses Offered

Under Graduate	<ol style="list-style-type: none">1. B.E. Mechanical Engineering (Full Time)2. B.E. Mechanical Engineering (Part Time)

Department of Information and Technology

Vision

Making our students technologically superior and ethically strong, who in turn shall improve the Business and Technology in the country.

Overview

The Department of Information technology addresses budding professionals by equipping them with strong fundamental concepts programming and problem solving skills by providing hands of experience. It also inculcate in them values and leadership qualities with a zeal to serve society and to bridge the digital divide

Other Activities

An Agreement with griffin Education Kanchipuram, was made on 17/09/2012 to conduct courses like PHP, ASP.Net.LAMP,Redhat,Oracle,Android,and C/C++ (for non computer Science students)

Objective of the agreement

To conduct courses at a very nominal fee, in the university campus during evening hours for computer and non computer students

To train students and develop skill in courses which are not part of their syllabus.

Students who opt for the courses will reap the following benefits

1. Students get a fee discount of 20 to 40% , offered to Educational institutions ,which they cannot surely get when they enrol themselves with Kancheepuram centre of GRIFFIN EDUCATION.

2. Students travel time and money for travel are saved

Students Activities

About thirty students of the department participated in "Advanced Ethical hacking", a three day workshop on Nov 12

II YEAR - SATHWIK participated in ROBOTICS WORKSHOP conducted by EEE DEPT, scsrmv university, on 12,13 of March 2013 .

III YEAR -R.G. SHASHAN.K participated in ROBOTICS WORKSHOP conducted by EEE DEPT, scsrmv university on 12,13 of March 2013 .

second year student Ashutosh Maurya participated and presented paper titled "simulation of human brain" at a National Conference hosted by Sankara Arts & Science Collage Enathur , Kanchipuram, on 27 February 2013.

Department of Civil & Structural Engineering

Vision

The Civil and Structural Engineering aims at providing accessible and relevant programs that are directly applicable to the dynamic environment in which our students will work, live and contribute

Overview

The goal of Department of Civil and Structural Engineering is to educate student at under graduate levels to become potential chartered civil engineers who possess appropriate knowledge, skills and understanding, and who are confident in their abilities, are highly valued by their employers and make a positive contribution to society. The students are exposed to practical training and motivated for higher goals.

Programs Conducted by the Department

The Inaugural function of the workshop was presided by the honourable Vice Chancellor Prof.Dr. C.V.Vaidyanathan. The welcome address was given by the Dean (E&T) Prof.K.C.Srinivas. The chief guest for the function was Prof.Dr.H.G.Sreenath, Technical Director of Chennai civil tech research foundation, Chennai. The guest of honour was Dr.G.Apparao, Associate Professor, Department of civil engineering IITM, Chennai. Dr.Sreenath and Dr.G.Apparao gave the lectures on engineering materials. In the afternoon session of the workshop Dr.K.Balasubramaniam, Managing Director, Hi tech concrete solutions, Chennai, gave the lecture on advances in N.D.T. In the second session of afternoon Mr.J.Anbu, Vice president of DLF Housing Pvt. Ltd. gave the lecture on construction of diaphragm walls and the construction techniques. Mrs. K.Ambiga gave the vote of thanks.

On the second day of the workshop Mr.N.Seshadri Sekhar, H.O.D, welcomed the gathering. The first speaker Prof.Dr.S.Sivamoorthy Reddy gave the lecture on acid silica reactions on the coarse aggregate. He has explained the chemical reactions of the compositions in the concrete. In the second session Mr.Staladipti saha, Head, EDRC L&T, Chennai, gave the lecture on fastening and bonding of reinforcement techniques in the concrete. In the third session Prof.N.P.Rajamane, H.O.D center for advanced concrete research, S.R.M University, Chennai, explained the behavior of low carbon geopolymers as sustainable materials for structures.

After the lunch break the evaluation of project models exhibited by the participants. The assessment was done by Prof.N.P.Rajamane and Mr.P.G.Suresh Kumar, Chief personal officer IDPL, L&T, Chennai. The best three projects were given the cash prizes of Rs.5000/- Rs.3000/- and Rs.2000/-. In the valedictory function Prof.K.C.Srinivas presided the function and Mr.P.G.Suresh Kumar was the chief guest. In the address of the chief guest, Mr.P.G.Suresh Kumar explained the aligning the H.R requirements to the corporate sector. He has explained how an employee of the corporate sector should work efficiently. Mr.N.Seshadri Sekhar reviewed the lectures of the workshop; Mrs.R.Sumathi, Assistant professor gave the vote of thanks.

Seminar on Disaster Management

The department of civil and structural engineering conducted a seminar on disaster management on 17-08-2012. The meeting was presided by Prof.K.C.Srinivas, Dean(E&T).

The chief guest is an eminent scientist from center for disaster preparedness, Dhaka, Bangladesh. Dr.V.Hari Prasad,B.Tech(civil engg.), M.Tech(Hydraulics) and Ph.D(Water resource engg.). Mr.Hari Prasad is the former employee of ISRO, Dehradun. The speaker explained the systems followed by the government for disaster preparedness and disaster management. He has explained the uses of geographical information system and how best the G.I.S can be used for disaster management.

Project models Exhibition

In the work shop (14/09/2012 AN) the evaluation of project models exhibited by the participants. The assessment was done by Prof.N.P.Rajamane and Mr.P.G.Suresh Kumar, Chief personal officer IDPL, L&T, Chennai. The best three projects were given the cash prizes of Rs.5000/- Rs.3000/- and Rs.2000/-.

Extensive Survey Camp 2012

The department of civil & structural engineering has successfully conducted an extensive survey camp in the academic year 2012-2013 dated from 09-07-2012 to 13-07-2012. The camp is conducted in the vicinity of Mamundur hills near Dusi village, Thiruvannamalai

district. This first event conducted by the department of civil & structural engineering after indulging the department in the university

Civil block Inaguration

Civil and Structural Engineering Block was Inagurated by SRI SRI SRI JAYENDRA SARASWATHI SWAMJI on 13.02.2012

Civil Engineering Association Inaguration (NIRMAN)

The Department of civil and structural Engineering is forming a literary association in the department and releasing a magazine named “NIRMANA SASTRAM” . In the after noon section of Inagural fuction a special talk in smart materials was given by Dr. A.R.Santha kumar.

National Level Technical Symposium - Aavishkar'12 on 11.10.2012

With the blessings of their holinesses, the department of Electronics and Instrumentation Engineering hosted their first National Level Technical Symposium on the 11th of October 2012. AAVISHKAR generally means discovery or invention. As believed in the sacredness in the number “9”, the nine- letter word had nine abbreviations:

1. A-Analyze
2. A-Anticipate
3. V-View
4. I-Innovate
5. S-Stimulate
6. H-Hoist
7. K-the Karismatic
8. A-Avatar of an Engineer
9. R-to Reality.

Aavishkar as such was instrumental in discovering the potential of students under different parameters categorized under 1. Technical, 2. Non technical events (Paper presentation, Tech Quiz, Challenge Accepted, Tech-Debate, Art Attack, He-Corporate, K to

K, Quiz O Mania etc). The three best presentations were awarded prizes. There was a small cultural show about three hours in the later half of the evening, which provided equal opportunities for the students to display their charm and to develop themselves.

Department of Mathematics

Vision

To present and promote science and spirituality in a balanced manner so as to ignite and steer the young minds in the pathway of science and technology

Overview

The Department of Mathematics provides a strong application oriented base in Mathematics to engineering students and to recreate interest in Mathematics among science and engineering students. By updating the curriculum on par with the current trends and inclusion of application related topics in Mathematics will help the students to focus their knowledge in the field of research.

Programs Conducted by the Department

National Mathematics Day was celebrated on 28.01.2013. Dr. V. Chandrasekaran Professor and Head, Department of Mathematics and Computer Science, Sri Sathya Sai Institute of Higher Learning, (Deemed to be University), Prasanthi Nilayam delivered a talk on “Applications of Mathematics to Computer Vision and Machine Learning” a topic which was of interest to Mathematicians and Engineers alike. It was followed by lengthy interactive sessions between the speaker and the staff and students of various departments

Vision

To present and promote science and spirituality in a balanced manner so as to ignite and steer the young minds in the pathway of science and technology

Overview

The Department of Physics aims to provide high quality education and equipping students for higher education with state of the art knowledge in Physics to compete globally. The Department is supported by highly dedicated and qualified faculty members. The staff members periodically present their papers in international conferences and publish their papers in high impact journals.

Department of Chemistry

Vision

To present and promote science and spirituality in a balanced manner so as to ignite and steer the young minds in the pathway of science and technology

Overview

The Department of Chemistry aims to ignite and steer the young minds to become a quality academic and research professional through improvised curriculum, innovate teaching and research in frontier areas of chemistry. The Department is ably supported by dedicated and qualified faculty members. Faculty members have undergone post-doctoral programme in foreign universities to update their knowledge in the current areas of research. The Department has a project funded by Government of India. The Department organizes training programmes and seminars funded by DST and other funding agencies.

Courses Offered

Department of Computer Science & Applications

Vision

Our vision is to emerge as a Centre of Excellence in the field of Computer Education with distinct identity and character in all areas of its activities through integration of modern wisdom with ancient knowledge.

Overview

The Department of Computer Science and Applications aims to provide quality education in the latest technologies and thereby develop a new generation of quality computer professionals with the best skill set, futuristic thinking and knowledge, along with a deep rooted knowledge and strength of our ethos, towards imbibing ethical and moral values, leading to an all round personality development.

Department of Physical Education

Vision

To develop the Department of Physical Education as centre of excellence in Sports. It is essential for healthy growth and development. The Mission of the PHYSICAL Education is to facilitate the continuous improvement of teaching and to excel in discovery, learning, and engagement activities within the human movement sciences and sports performance across lifespan.

Overview

The Department of Physical Education provides the student with a legitimate outlet to vent their innate physical activity. They will be less frustrated and less prone to get into scraps with other students. Since physical education also requires the students to spend time with other children in the open, it also fosters their social skills. Fitness is another important reason, the food that is available today puts them on the highway to obesity. Physical education keeps the child physically and mentally healthy. While playing sports one begins to get a sense of competition, which is something that will be with him for the rest of his life. Sports will help them to get along with a diversified group of people. The Department of physical education includes training in the development and care of the human body and maintaining physical fitness. Physical education is also about sharpening overall cognitive abilities and motor skills via athletics, exercise and various other physical activities.

School of Education

Vision

To develop the School of Education as center of excellence in education by making the quality the defining element of teacher education through a combination of character, competency and commitment.

Overview

Teachers are the backbone of any country. A Strong and sound educational system shapes the growth and development of any nation. The pivotal point in the whole educational system is the teacher who translates the aims and objectives of the society into action. Keeping this fact into consideration the SCSVMV Management decided to open School of Education by offering B.Ed course initially keeping the expansion of this school as center of excellence in education in future. The main aim of this B.Ed program is to produce quality and competent secondary school teachers to serve in various secondary schools of the nation with commitment and dedication. Both content and methodology are given due weightage in this program.

Follow the path of friendship that conquers minds.
Treat others as you treat yourself.
Give up war, give up rivalry.
Give up aggression.
Mother earth is there to fulfill all needs.
The lord God is father, merciful
Oh ! People of the world!
Be disciplined, Be Charitable, Be Merciful.
May everyone attain sublimity.
