Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	As we are very much aware that students are our major stakeholders we ensured quality in all aspects. An indigenous on-line class management system was developed by our staff and IT wing of our University supported in all aspects like resolving any issues immediately. Through PHP- Hypertext pre-processor online portal was developed. Through this online class management system named as –SHIKSHA. A staff can schedule his/her lecture/lesson plans, date of the lecture , duration of the lesson, meeting id, syllabus of his/her particular subject etc. . And it is complete and comprehensive. Moreover, after the class hour is taken it calculates whether schedule is met. Also, staff can enter attendance and completion status with date of completion of a particular lesson. Other than this we have another software package named e-varsity, where the staff can enter attendance for their classes, they can enter internal (sessions) marks, assignment marks, attendance marks and at the end of the semester consolidated internal score for the students. Department coordinators are nominated to follow this and they will report to overall academic coordinator. Other than this all our staff member has created Google classrooms through which study materials, assignment questions, and MCQ practice questions are uploaded. Respective students will join the classrooms and make use of it. This platform is very useful for both staff as well as students to be connected academically always. Even practice tests can be conducted through this and it can be graded. In this way our stakeholders –students where very much ensured in teaching, learning and completion of their portions in all ways.
