

IDEAS WORTH SPREADING SHOWS

It is one more innovative practice of the School of Education propagates innovative ideas through showing video clippings. Right ideas and attitudes must be transmitted from the living, through the living, to the living. It is true that the role of the teacher is colossal in spreading the ideas which are worthy. Interpretation of video clippings raised the thought provocations among the student teachers which ultimately spread to the society by sharing the ideas. After the video shows a reflective session is organized and students are asked to spread these ideas to others within their vicinities. It is observed that this programme has tremendous impact on the student teachers in accepting the social responsibilities

INVIGILATOR - FREE EXAMINATION SYSTEM

The School of Education has introduced ‘**Invigilator - Free Examination system**’ from the academic year 2011-2012. It is strongly believed why should the student teachers be invigilated during the time of examination? If they indulge in malpractice, they are not fit to become teachers. In order to promote the feeling of honesty, the invigilator free examination system was introduced. Undoubtedly it has a great impact on the behavior of the student teachers.
