Vision

To evolve into a premier technological and research institution, molding eminent professionals with creative minds, innovative ideas and sound practical skill, and to shape a future where technology works for the enrichment of mankind.

Mission

To impart state-of-the-art knowledge to individuals in various technological disciplines and to inculcate in them a high degree of social consciousness and human values, thereby enabling them to face the challenges of life with courage and conviction.

Objective

The institution has the broad objective of being an active agent of change by responding to the needs and challenges of the times. This is achieved basically through the process of education, training and research.

MESSAGE FROM HOD

Nurturing creativity and inspiring innovation are two of the key elements of a successful education, and magazine is the perfect amalgamation of both. It harnesses the creative energies of the students, and distils the essence of their inspired imagination in the most brilliant way possible. Hence, May all our students soar high in uncharted skies and brings glory to the world and their profession with the wings of education!

I wish SAMIKSHA to be continued with great success.

MESSAGE FROM FACULTY CO-ORDINATOR

The name of the magazine, “SamIKSHA” may seem difficult, but it just means “DEEP INSIGHT”, a clear vision. This magazine gives an insight into the student’s way of life, their creativity and activities. This magazine is a platform that exhibits the literary skills and innovative ideas of students. “SamIKSHA” presents the hard work and dedication of students. I express my considerable appreciation to all the authors of the articles in this magazine.

'When I Say I am fine''

When I say I am fine

Yes I am fine.

When people are mentally destroying me i am fine. When people stopped talking with me i am fine.

When false rumours in college are haunting me and almost destroying me i m fine.

When things doesn't go as how i planned i m fine.

When my loved people discourage me and won't stay positive I m fine.

Instead of crying out loud I choose to cry silently i m fine.

I m fine and I ll fight for everything.

I will fight for me.

I will fight for my loved ones.

As the proverb says my problems and situations made me stronger and making me stronger as well as my friends who are there to support me all the time.

Thanks to people who made my college life bearable and vulnerable too.
