## National Level Seminar – Report

Date: 16.03.2024

Time: 11.00 AM

Meeting Mode: Virtual (Google meet)

Link: <http://xnu-xmec-huq/>

### Introduction:

On 16th March 2024, a National Level Seminar titled "Harnessing Power of Technology for Effective Teaching and Learning" was conducted, aiming to explore the integration of technology into educational practices. More than 150 faculty members from diverse colleges and institutions across India registered for the seminar, the event garnered active participation from approximately 102 attendees.

### Event Overview:

The seminar commenced with a warm welcome address by Dr. T. Lakshmi Bai, Head of the Department, setting a congenial atmosphere for the insightful discussions that followed. The technical sessions were shared by two distinguished speakers: Dr. C. Sivapragasam, Director IQAC and Professor of the Department of Civil Engineering, and Dr. Sashikant Dargar, Associate Professor of the Department of Electronics and Communication Engineering, Kalasalingam University.

### Key Highlights:

**Insight into ICT Tools (Dr. C. Sivapragasam):** Dr. Sivapragasam delivered an enlightening presentation on the significance of Information and Communication Technology (ICT) tools in education. He provided a comprehensive overview of various technologies and their applications, emphasizing their role in enhancing teaching and learning experiences. His insights provided attendees with valuable knowledge regarding the integration of technology into pedagogical practices.

**Hands-on Training with Edpuzzle (Dr. Sashikant Dargar):** Dr. Dargar conducted a practical session, offering hands-on training on the utilization of Edpuzzle software. Attendees were guided through the process of inserting questions and answers into live videos, showcasing how such tools facilitate the development of interactive content for MOOC (Massive Open Online Course) creation. The session provided participants with actionable skills to enhance their teaching methodologies using technology.

**Live Streaming and Technical Support:** The seminar, spanning over two hours, was live-streamed on the department's YouTube channel, ensuring broader accessibility. Technical support, including live streaming, Gmeet link management, and participant coordination, was efficiently provided by Dr. Janani R, Event Coordinator, and her team from the Department of Electronics and Instrumentation Engineering.

**Participant Engagement:**

Approximately 102 participants actively engaged in the seminar, demonstrating keen interest and involvement throughout the sessions. The interactive nature of the event facilitated meaningful exchanges of ideas and experiences among attendees, fostering a collaborative learning environment.

**Conclusion:**

The National Level Seminar on "Harnessing Power of Technology for Effective Teaching and Learning" served as a platform for educators to explore innovative approaches in integrating technology into pedagogical practices. With insightful presentations, practical demonstrations, and active participant engagement, the event underscored the transformative potential of ICT tools in fostering enhanced teaching and learning experiences.

**Acknowledgments:**

The success of the seminar was attributed to the collaborative efforts of all organizers, speakers, technical support personnel, and enthusiastic participants. Special thanks were extended to Dr. N. C. A. Boovarahan, event coordinator, for delivering the Vote of Thanks and acknowledging the contributions of all involved.

**Future Prospects:**

The seminar concluded with feedback from participants, providing valuable insights for future endeavors in educational technology integration. It is anticipated that the knowledge and skills acquired during the seminar will inspire further exploration and implementation of innovative teaching methodologies empowered by technology.

In essence, the National Level Seminar served as a catalyst for embracing technology-enabled pedagogical practices, reaffirming the commitment to advancing educational excellence in the digital age.

## FEEDBACK

Questionnaire	Measuring Scale
How would you rate the overall organization and structure of the seminar?	Excellent, Very Good, Good, Fair, Poor
Did the seminar meet your expectations in terms of addressing the theme "Harnessing the Power of Technology for Effective Teaching and Learning"?	Yes, it exceeded my expectations Yes, it met my expectations No, it did not meet my expectations I did not have any specific expectations
Please rate the quality of the presentations delivered by Dr. C. Sivapragasam and Dr. Shashi Kant Dargar:	Excellent, Very Good, Good, Fair, Poor
Did the seminar provide you with valuable insights and knowledge regarding the integration of technology in education?	Yes, definitely Somewhat No, not really I am already familiar with the topics discussed
How engaging and interactive did you find the seminar sessions?	Very engaging and interactive Moderately engaging and interactive Not very engaging and interactive I did not actively participate
What aspects of the seminar did you find most beneficial or impactful?	Open ended
Do you have any suggestions for improvement or topics you would like to see covered in future seminars?	Open ended
