Communication

All are good

Everything is good, so there is nothing to say

Internship can be added on mba 1st year

Career guidance is need

More placements is required and working on 100% placement helps us in career development

Can complete portions quickly so that students can start their preparation in advance

Our institution is good

Make sure the campus should be Wi-Fi enable

campus should enabled with wifi

Mainly Improve Communication Skills , Don't skip topics because they're easy, Don't rush to complete the syllabus and don't be too late to complete the syllabus. Also don't just come lecture and go away check if the student has thoroughly understood the concept and is interested in your class.

Can use more real-time experiences and examples while teaching to make easy in understanding

They have to improve teaching skills

Not to teach outdated syllabus, provide better placements and internships, usually lab classes are not upto the limit.

Practical approach would be appreciated

By giving more examples while discussing about any topics and proper board usage

More Placements would be better

I like the way the teaching - learning in my university. So, I think no suggestions or observations are required

1) The teachers should learn proper english. 2) events to be conducted which will help students to improve their practical knowledge.

There is nothing to suggest

1. Increase the lab periods.
2. Influence students more to form groups based on an objective.
3. Conduct mock interviews atleast thrice a month

I need seminars to learn speaking skills ,industrial vist and internship needed.

Great institute
Great faculty
Good environment

Adapt experience based teaching and should be more open to review and feedback of students

Provide Ongoing Professional Development
Active Learning
Conducting cultural activities for all students

All are good ...
Good Learning experience
Teachers are always helping and kind.
PDF notes for each subject.
MCQ test every month for students.

No comments

Using live examples
Great values
Experienced and friendly staff

Blackboard teaching need to use.

Give more example while teaching
Be friendly and supportive with a student

No suggestions

Null

Can improve in infrastructure
And can try to organize various educational events in all the departments

Close the university.

As management is handling everything a part of care and studies as I faced scholarship issue even as department of ECE not even helped me to sort from issue whole management is fighting to grow their fancial status

Complete teaching in english

Suggestions to give industrial visit, conduct programs, check working condition of air conditioner in seminar hall and check the aqua drinking water filters.

Group discussion, extracurricular activities

That good

Avoid giving written works , conduct small unit test, take us to industrial visit

Tell more information about day to day news.

Overall teaching is too good so no suggestions

Need more industrial visit

Teaching and research are is excellent, curriculum is updated one.

Overall teaching is good so no suggestions

No suggestion.

Nothing...

None

Treat students fairly
Must speak in English
Motivate the students

Overall good quality of teaching.

Improve placement and opportunities

Spending more time for practising problems related to theory learnt(Problem solving during classes), can be encouraging .

Extra curricular activites(Including cultural, NSS events) can be intimated to student early , since it's informed to us at last time .

Theory can be more taught with more intensity, since the teaching quality is inspiring to students.

In Library, Lending time of books for students is currently 15 days , I would request to extend the lending time of books to 20 days .

Teachers can be most friendly to be students and teaching method are easily.

Finish portion two weeks before the semester

Everything is very good. Our campus has good facilities to study whatever we are interested in and it helps us to cope up with the running world.

Communication, use of boards, interaction

Good

Nothing..its all good

I learnt a lot during the class hours. I'll miss every teacher that I've come across.

Nothing.Its all good

Improve

Everything was fine

Nothing much to improve the teaching and lab are so satisfactory

Update the syllabus to the current trend.

Update the syllabus

Helps the students to know practical and theoretical knowledge on advance technologies in their fields.

Update the syllabus.

Overall good

More innovative ideas are welcomed

Institute should conduct more industrial visits, events, cultural and extra curricular Activities

Try to conduct more events both in sports and curriculum.thank you

S it was perfect I understand easily

Make Industrial Visit mandatory for the final year students because most of the time students/staffs doesn't make steps for going Industrial Visit. Organize some celebration or entertainment activities in college campus for students.

Field experience learning

NICE

Would recommend improvement in quality time spent in the learning process
and inculcation of extracurricular activities and sports
And practicals are to be done in a much more effective manner
Amenities in the University exist but are to be facilitated properly

It's very good

Need more YouTube videos

- 1-Number of students should be admitted
- 2-Scholarship may be provided
- 3-Computer training program

- 1.More students to be admitted
- 2.Provinding scholarship to Sanskrit students
- 3.Educational tour may be conducted

- 1.scholarship may be given .
- 2.focus on more admission.
- 3.study your may be arranged.

Teach interactively,provide good resources,provide placement opportunities

- 1) If computer training will provide then it would be very good.
- 2) Please provide scholarship and hostel for students.
- 3) Create a welcoming environment.

Good teaching, supportive staff
