Department of Computer Science and Engineering

Report for Seminar on Python, Full Stack and Its Applications – 7.2.2023

Department of Computer Science and Engineering in association with Livewire/CADD Centre, Kanchipuram organized a Seminar on IT - right career path for a bright future, Trending Technologies in'23, Scope of Python and Full Stack Mean and Job Roles on 07th February 2023 during 02:30 pm to 04:30pm in CSE Seminar hall. Resource person Mr. K Jayakumar from Livewire and his team highlighting basics of python, latest trends and technologies, full stack development, implementation using python and its applications such as.

Front-End Development-Get a deeper understanding of Client Side Programming or in other words the front end development by developing highly responsive web pages across languages.

Back-End Development- Learn the industry leading ways to design back end development with least response time, which in turn helps in the fast loading of web applications. You'll learn to connect databases with servers.

Around 75 third and second year computer science engineering students were participated in the seminar. Welcome address and vote of thanks given by Dr N Kumaran, Assistant professor, CSE department. Students were actively participated and given good feedback about the seminar. Herewith attaching some of the screen shots and corresponding.

Convener:-

Dr M SenthilKumaran, HoD/CSE, SCSVMV

Faculty coordinators:

Dr. N. Kumaran, AP/CSE, SCSVMV

Total Number of Students attended: 75

Dear Sir,

As discussed herewith attached the Title and the content we cover in the presentation.

Title: Scope of Python and Full Stack Mean for Engineers !

Agenda:

- IT - right career path for a bright future
- Trending Technologies in'23
- Scope of Python and Full Stack Mean
- Job Roles
- Q&A
- Conclusion

Kindly confirm us a date for the seminar.
Looking forward to your reply.

Regards
