**DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING**  
**MINUTES OF THE BOS MEETING HELD ON 11.09.2024 – FN- SESSION**

1. Our EEE Department Board of studies was successfully conducted on 11.09.2024 FN session, as per the reference number F/SCSVMV/REG/2024-25/IOC-086.

**2. The agenda for BOS was as follows :-**

- B.E (Hons) with specialization in a specific field, which is already passed, we are adding one more specialization as Industrial safety.
- For earning B.E (Hons) with specialization, a student has to earn **extra 18 credits**.
- For earning extra 18 credits, he/she has to study four theory papers with one lab and a project with a report.
- **This specialization is applicable for both B.E – Full time & B.E – Part time degrees.**
- **Specialization is not a compulsion and it is the choice of the students.**
- EEE Department is planning to introduce **certificate programmes for those interested.**

Eligibility criteria are Diploma in EEE, B.E – EEE and M.E in any specialization. This certificate programme is been planned to introduce to enrich students employment opportunities.

The following are the certificate programmes that are planned.

1. Occupational safety and health acts (OSHA).
2. Industrial safety management.

3. Embedded Systems.
4. Power Quality and Protection.
5. PLC and SCADA.

These certificate programmes are of one year duration with four theory papers in first semester and project in second semester.

### **Mild Ratifications:-**

- In the current part – time first semester curriculum DC machines and transformers in first semester is shifted to second semester. Instead of that object oriented programming OOPS with C++ (T & P) is introduced.
- In second semester (P.T) Data structures (T & P) is shifted to third semester.
