The **National Girl Child Day** is celebrated in India every year on January 24. It was initiated in 2008 by the Ministry of Women and Child Development and the Government of India. The Department of Commerce at SCSVMV observed National Girl Child Day on 25.01.2025 with the aim of recognizing the importance of the girl child and raising awareness about the challenges and opportunities they face in society. A speech was arranged to highlight the role of girls in building a better society. A discussion was also held on the challenges being faced by girls.

The program created a positive platform for raising awareness on issues concerning the girl child, such as access to education, safety, and empowerment.

National Girl Child Day provided an important opportunity to reflect on the progress made and the challenges that still exist in terms of gender equality. The Department of Commerce's observance of this day helped to reinforce the need for continued efforts to uplift and empower girls, ensuring their right to education, health, and equal opportunities. The event was impactful in raising awareness among students and staff about the importance of gender equality, and it reaffirmed the institution's commitment to contributing to the empowerment of women and girls.
