

Report on
“The Success Principles for Young Engineers”

The Department of Mechanical Engineering, **Sri Chandrasekharendra Saraswathi Viswa Mahavidyalaya (SCSVMV)**, in association with **iFocus Mission**, organized a **Skill Development Program** titled **“The Success Principles for Young Engineers”** on **24th April 2025**. The event was held at the **Auditorium, Library II Floor**, from **10:00 AM to 1:00 PM**.

The convenor of the program was **Dr. S. Arumugam**, Associate Professor and Head of the Department of Mechanical Engineering, SCSVMV, and the coordinator was **Dr. S. Vijaya Bhaskar**, Assistant Professor, Mechanical Engineering, SCSVMV.

The session commenced with a warm welcome address by **Dr. S. Arumugam**, followed by the **felicitation and honouring of the guest speakers** by Prof **Dr. M. Rathina Kumar**, Dean, Faculty of Engineering and Technology.

The event featured two distinguished speakers:

- **Dr. D. Srinivas Rao**, Former ISDS Officer and Former Deputy Director, Ministry of Skill Development & Entrepreneurship, Government of India. With his **high-energy and motivational talk**, he encouraged students to enhance their **thinking abilities** and adopt effective mental frameworks to become successful engineers. His speech resonated strongly with the audience and helped instill confidence and clarity in their academic and career pursuits.
- **Shri Thoodi Hanumanth Reddy**, Retired RIO, RR District, TS Board of Intermediate Education, and President, Bharatha Bharathi. A regular resource person for iFocus Panchatantra sessions, Shri Hanumanth Reddy inspired the students by emphasizing the power of **positive thinking** and shared practical insights on **how to succeed in one's career** through discipline, self-awareness, and goal setting.

The event witnessed enthusiastic participation from **nearly 100 students** across **Mechanical, Mechatronics** and **First Year ECE & CSE**. The session was well-received and left a lasting impact on the students, equipping them with essential success principles for both personal growth and professional excellence.
