

## Visit to Aadhuraa Special School, Orikkai (19.03.2025)

As part of our B.Ed curriculum, School of Education of SCSVMV organized a visit to Aadhuraa Special School, Orikkai on 19<sup>th</sup> March 2025. The purpose of this visit was to gain insight into the education and rehabilitation of children with special needs. The school has a team of dedicated professionals, including special educators, therapists, and counselors, who work together to provide a holistic education to the students. The teachers used child-centered teaching methods and incorporated various therapies, such as occupational therapy and speech therapy into the curriculum. This visit was an enriching experience that broadened students understanding of special education and inclusive practices. Around 47 students and faculty members visited the school.
