

## Title: “Kaaval Uthavi” mobile application awareness session in the Department of Physics

Date: 13/11/25

Tamil Nadu government has launched a “Kaaval Uthavi” mobile application for citizen safety. An awareness session for students was organized in the Department of Physics on 13<sup>th</sup> November 2025.

The app’s key features for student safety, especially girl students were explored:

1. Emergency alert trigger button
2. Emergency call dial
3. Mobile-based complaint registration
4. Location sharing and tracking facilities

Following are the details of the session:

- Total students reached: 31
- Number of girl students: 18
- Mode of delivery: physical
- Feedback summary: Above 80% students are aware of this application already. Remaining students also got this information and tried it on their phones.
